Amanda,

I need you to take point on confirming this and letting me know when the wire needs to be approved.

This wire should be exactly the same amount as the wire we processed on Friday.

Thank you,
Tad

Subject: True North 2nd wire

Just a reminder that we have 2 incoming wires tomorrow from Merchant Mining and we will need to turn around a wire to True North asap in the morning. Thank you and please call/txt with any questions.

Subject: Minerva Equipment Purchases

Hi Ro,

We have three customers that have Minerva miners purchased from us via True North – Merchant Mining, ZG Compute, NFN8. It looks like we have two signed contracts for True North to facilitate these orders for Minerva 100TH, one for 600 (Merchant Mining & ZG Compute) and the other for 250 (NFN8). Here's what we have found so far/questions we've come across:

- 1- Merchant Mining is paid in full + the additional 15% price increase on the equipment.
- 2- What was the agreed investment amount between ZG Compute and Compute North? Please confirm with an e-mail or contract what our obligation is. Right now ZG's outstanding AR balance may be close the amount we agreed, which would make them paid in full for this hardware purchase.
- 3- Do we have a finalized contract between ZG Compute and Compute North for the 322 Minerva MV7s, as well as the agreement between CN and True North? Would this contract also be impacted by the 15% increase?
- 4- NFN8 - we have the signed contract, and an initial payment on 2/8/2021. I am double checking our mining transactions to make sure they are paid in full.

Thanks,

Mason Rudin
